

## **Appleseed Project – We Make Riflemen**

Project Appleseed teaches the fundamentals of rifle marksmanship and intertwines these skills with the history and heritage of our great nation. This is a totally non-political organization that reacquaints participants with the past and offers them the knowledge and rifle skills necessary to help ensure freedom for the future. Appleseed welcomes riflemen at all current levels of proficiency to a great shooting experience; if you can shoot now, Appleseed can help you shoot better.

Appleseed is family-friendly, offering children an opportunity to share with mom and dad learning marksmanship skills and firearms safety, and to gain responsibility and confidence and learn history that is often lacking in our schools.

Instructors are among the most accomplished marksmen in the country, have received over 125 hours of training, and can assure participants of the highest levels of safety and a rich learning experience. Appleseed weekends are offered at the Flagler Gun and Archery club at least yearly. More information can be obtained at [www.appleseedusa.org](http://www.appleseedusa.org) and our club calendar.
